 Refuel

MADE FOR
Fleet drivers

BUILT FROM
The official documentation

SIDE BY SIDE
Real screens, simple steps

Refuel without a wallet in your hand.

CASHIN Fleet is the secure driver app to register, pick a vehicle, find stations, and authorize refueling by QR, barcode, or NFC, with wallets and full consumption history.

Who this manual is for

Drivers — you register, pick your vehicle, find a station and refuel with a code from your phone.

Your fleet company — they add you to an account, assign vehicles, top up wallets and set fuel policy from the CASHIN Fleet Portal.

How a refill is paid

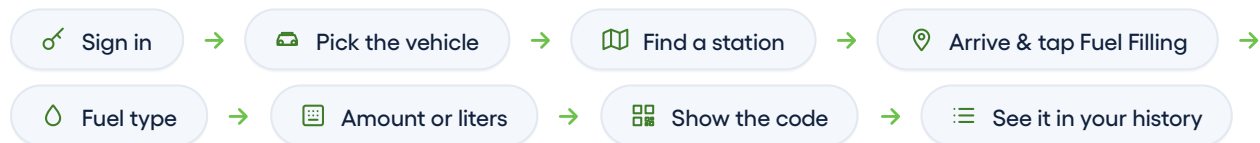

You never pay at the pump. Your request carries the fuel type and amount; the attendant scans your QR, barcode or NFC, the pump unlocks for that fuel only, and the payment settles from your company account or your individual wallet.

Every refill is tied to you, your vehicle and — when your company asks — your face.

AI at your side

If you are ever unsure, ask the assistant on **cashin.sa** — in Arabic or English. It knows every screen in this manual and answers from the same documentation.

The shape of a refuel

Your journey through this guide.

01

Create Your Account

Register once, prove who you are, and wait for your fleet company to add you to an account.

DRIVER

02

Sign In & Your Vehicles

Sign in with your PIN or fingerprint, then choose the vehicle you are about to fuel — the app only refuels vehicles assigned to you.

DRIVER

03

Your Wallet

Individual accounts carry a wallet: your balance, your wallet QR, and every top-up and transfer.

DRIVER

04

Find a Station

Browse the stations that serve your vehicle, compare distance and travel time, and get directions.

DRIVER

05

Refuel

Arrive, choose, show the code. The pump unlocks for your fuel only and the payment settles by itself.

DRIVER

06

Your History

Every refill, summarised and searchable — with full details and your consumption by fuel type.

DRIVER

Grounded in the official CASHIN Fleet documentation — the same source the CASHIN assistant answers from.

The flows you'll live every day.

Five short journeys make up almost everything you do in the app. Learn their shape here — the modules that follow walk them screen by screen.

Register once

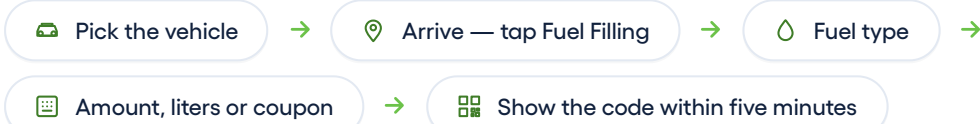

DRIVER

Grant Bluetooth, notifications and location permissions first — the app cannot start without them.

Refuel a vehicle

DRIVER

One vehicle at a time. The right nozzle unlocks by itself and the payment settles without a card.

Find the right station

DRIVER

Only stations that serve your selected vehicle's fuel are worth the drive — the list already knows.

Add your own vehicle

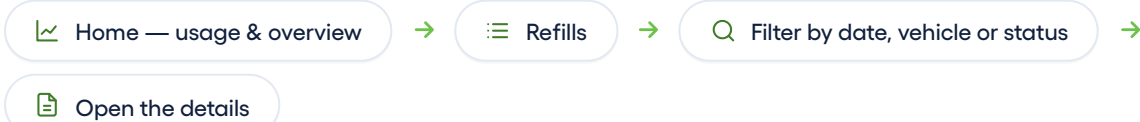

DRIVER

Company vehicles are assigned to you by your fleet company; personal ones you add yourself.

Check a past refill

DRIVER

Liters, amount, station, status — and the driver and odometer photos when biometrics are on.

Create Your Account

Register once, prove who you are, and wait for your fleet company to add you to an account.

ID & phone

Choose a PIN

Fingerprint or face

Enter the OTP

✓ Wait to be added to an account

The screenshot shows the CASHIN FLEET registration screen. It has a header with the logo and a blue bar. Below the header, there are four input fields: 'ID Number', 'Phone' (with a dropdown for country code, currently showing +966), 'English Name', and 'Arabic Name (Optional)'. At the bottom, there is a link 'Already have an account? Login' and a large blue 'Register' button.

DRIVER إنشاء حسابك

Create Your Account

- Enter your ID number, phone number, and English name to register.
- Arabic name is optional.
- Tap Register to continue.

GOOD TO KNOW

One secure account for all your fleet fuel operations.

The screenshot shows the CASHIN FLEET PIN entry screen. It has a header with the logo and a blue bar. Below the header, there is a prompt 'Enter pin code' followed by six dots for the PIN. Below the dots is a numeric keypad with buttons for digits 1-9, 0, and a backspace icon. At the bottom, there is a 'Cancel' button.

DRIVER تعيين رمز PIN

Set Your PIN

- Choose a PIN code, then confirm it by entering it again to ensure accuracy.

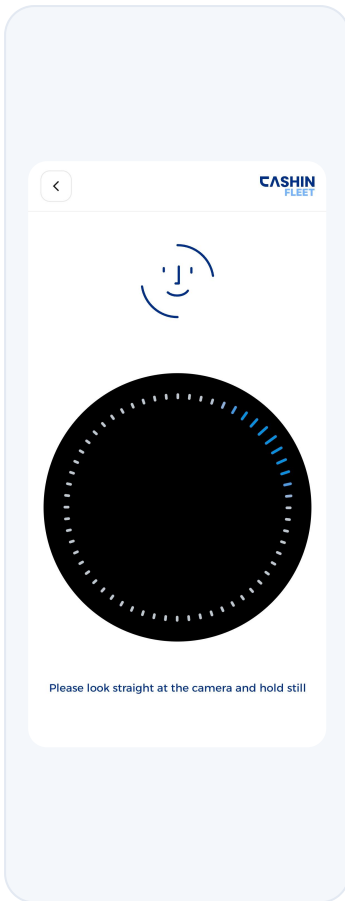

GOOD TO KNOW

Your PIN secures every login and fueling action.

DRIVER التحقق من وجهك

Verify Your Face

- Complete face-recognition verification using the device camera to confirm your identity.
- Retry as needed in good lighting.

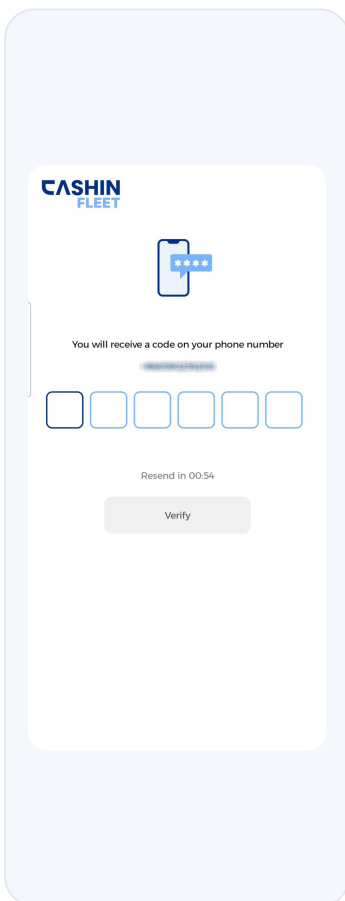

GOOD TO KNOW

Biometric check ensures only authorized drivers refuel.

DRIVER التأكيد عبر OTP

Confirm With OTP

- Enter the One-Time Password sent to your registered phone number to finalize registration.

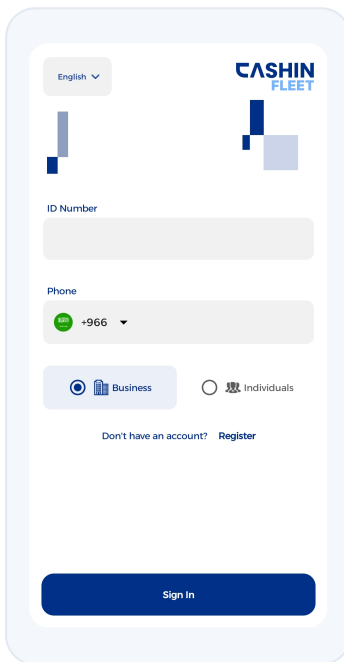

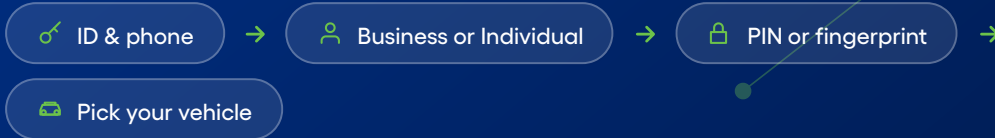

GOOD TO KNOW

Final verification step confirms your phone number is yours.

Sign In & Your Vehicles

Sign in with your PIN or fingerprint, then choose the vehicle you are about to fuel — the app only refuels vehicles assigned to you.

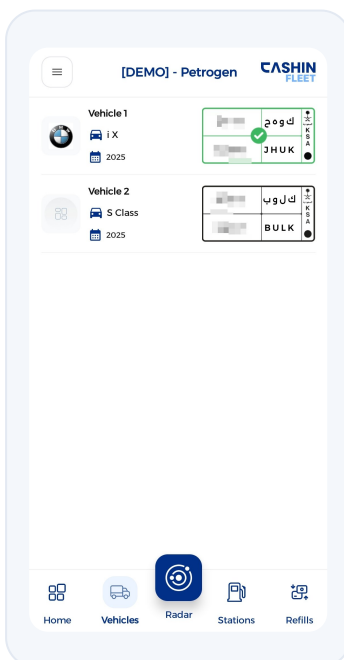

DRIVER تسجيل الدخول

Sign In

- Enter your ID and phone number, choosing a Business or Individual account, then authenticate with your PIN or fingerprint.

GOOD TO KNOW

Switch between company and personal fueling instantly.

DRIVER اختيار مركبتك

Pick Your Vehicle

- Tap a vehicle assigned to you to set it as active.
- Only assigned vehicles can be refueled.

GOOD TO KNOW

The selected vehicle drives all your refueling actions.

Add a Vehicle

- In your Individual account, tap the plus button and enter plate, brand, model, and alias to add a vehicle.

GOOD TO KNOW

Register your personal vehicle for future fueling.

The screenshot shows the 'Add Vehicle' screen in the CASHIN FLEET app. At the top, there is a back arrow, the text 'Add Vehicle', and the CASHIN FLEET logo. Below this is a placeholder for a license plate. The form consists of several input fields arranged in two columns:

- Plate English letters
- Plate Arabic letters
- Plate English numbers
- Plate Arabic numbers
- Status (with options: Available, Private)
- Plate type
- Brand
- Model
- Energy type
- Energy Subtype

At the bottom of the form is a large blue button labeled 'Add Vehicle'.

Your Wallet

Individual accounts carry a wallet: your balance, your wallet QR, and every top-up and transfer.

[Balance](#)

[Wallet QR](#)

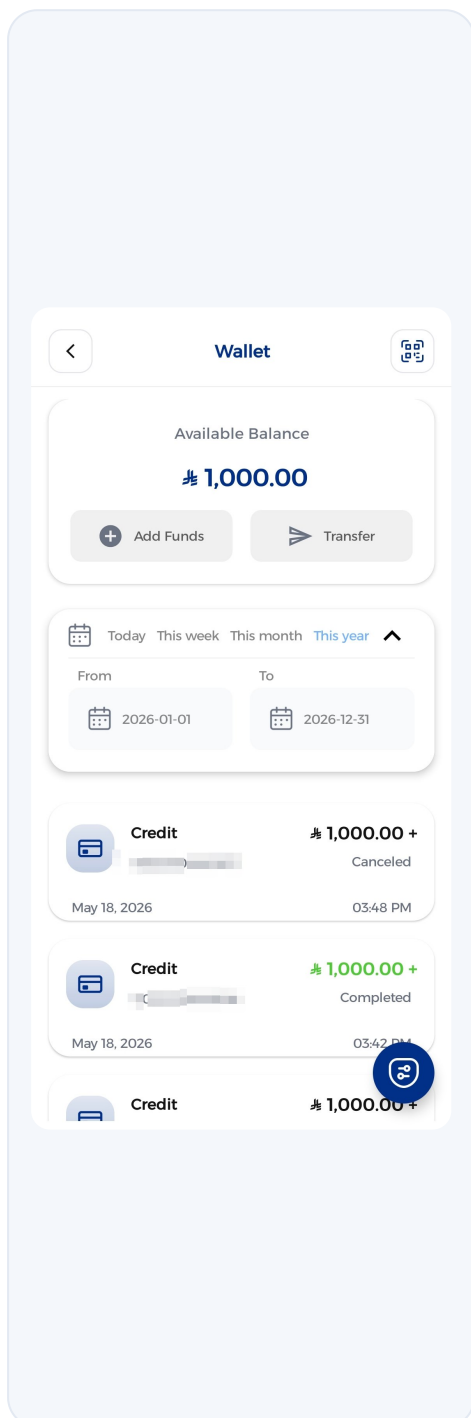

[Top-ups & transfers](#)
DRIVER محفظتك

Your Wallet

- View your available balance, wallet QR code, and the history of top-ups and transfers on the wallet — payments made with it are not listed here.
- Available only for Individual accounts.

GOOD TO KNOW

Track personal fuel spending and top-ups at a glance.

Find a Station

Browse the stations that serve your vehicle, compare distance and travel time, and get directions.

 Browse supported stations

 Filter by brand

 Check fuel & distance

 Get directions

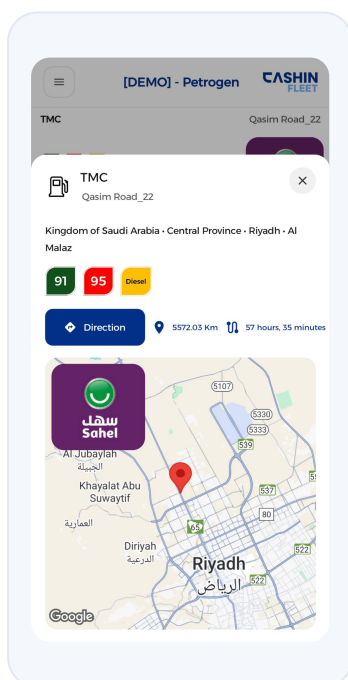

DRIVER العثور على المحطات

Find Stations

- Browse supported stations for your selected vehicle, showing fuel type, distance, and travel time.
- Filter by brand or open the map.

GOOD TO KNOW

Locate the nearest station that fits your vehicle.

DRIVER تفاصيل المحطة

Station Details

- View the station address, map location, supported fuel type, distance, and estimated travel time.
- Tap Directions to navigate.

GOOD TO KNOW

Confirm the station suits your fuel before driving.

Refuel

Arrive, choose, show the code. The pump unlocks for your fuel only and the payment settles by itself.

📍 Arrive — Fuel Filling

💧 Fuel type

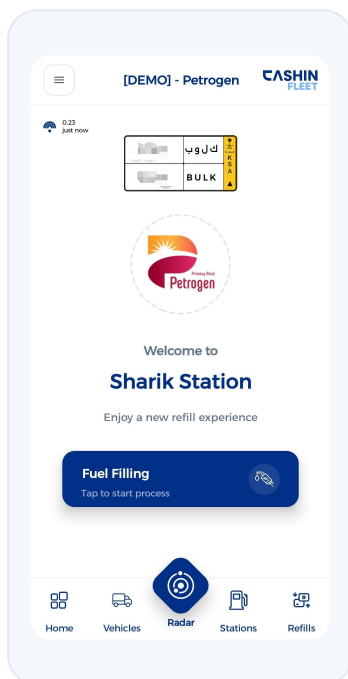

📄 Amount or liters

🎫 Coupon

📄 Show the code

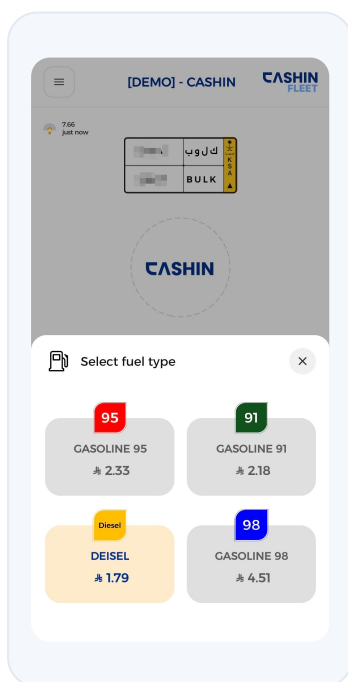

DRIVER بدء التعبئة

Start Fueling

- After reaching your selected station, tap the Fuel Filling button to begin the refueling process.

GOOD TO KNOW

One tap launches the full refueling workflow.

DRIVER اختيار نوع الوقود

Choose Fuel Type

- Select the fuel type, shown with price per liter.
- Only types compatible with your vehicle are enabled.

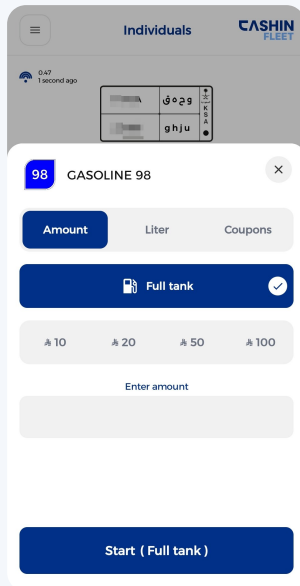

GOOD TO KNOW

Compatible-only options prevent the wrong fuel choice.

DRIVER المبلغ أو اللترات

Amount or Liters

- Fuel by amount (10/20/50/100 SAR or Full Tank), by liters (10/20/40/80 or Full Tank), or apply a coupon.
- Equivalents are calculated automatically.

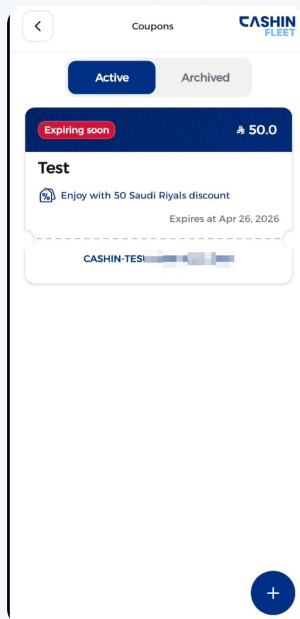

GOOD TO KNOW

Fuel exactly how you want — money, volume, or coupon.

DRIVER تطبيق القسيمة

Apply a Coupon

- Enter a promo code and tap Apply, or pick an active coupon and confirm to add it to this transaction.

GOOD TO KNOW

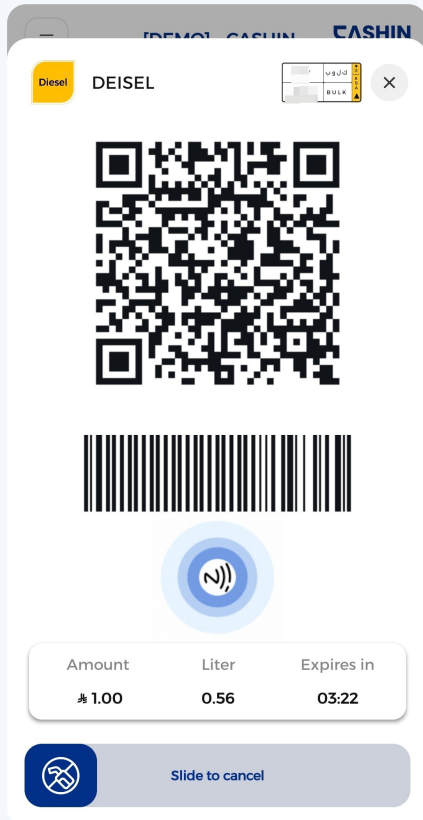

Apply discounts directly to your current refill.

Active Fuel Filling

- Show the QR code, barcode, or NFC for the attendant to authorize fueling.
- The request expires in five minutes.
- To cancel before starting, swipe the cancel button and the status becomes cancelled.

GOOD TO KNOW

Time-limited authorization keeps every refill secure.

IN THIS MODULE

Start Fueling

Choose Fuel Type

Amount or Liters

Apply a Coupon

Active Fuel Filling

Refueling, from arrival to the code.

The refuel routine exactly as the documentation describes it — with the screen you will see at each step.

Arrive

At the station you chose, tap **Fuel Filling**.

Fuel type

Pick the fuel type. Only types your vehicle and your company's policy allow are enabled — sometimes this step is skipped for you.

Amount or liters

Choose an amount, a number of liters or **Full Tank** — or apply a coupon. The equivalent is calculated for you.

Show the code

Show the QR code, barcode or NFC to the attendant. The request is valid for **five minutes**. Payment completes automatically.

Biometric policy is on

Before the code appears you verify your face with the camera and take a photo of the odometer. Both are saved with the refill.

Request refused?

“Fleet policy violation” means the amount, liters or count is above your company’s limit — lower it. “Insufficient balance” means the account wallet needs a top-up from your fleet company.

GOOD TO KNOW

Changed your mind before the attendant scans? Swipe the cancel button and the request becomes **cancelled**. Unused codes expire on their own after five minutes.

Your History

Every refill, summarised and searchable — with full details and your consumption by fuel type.

Overview

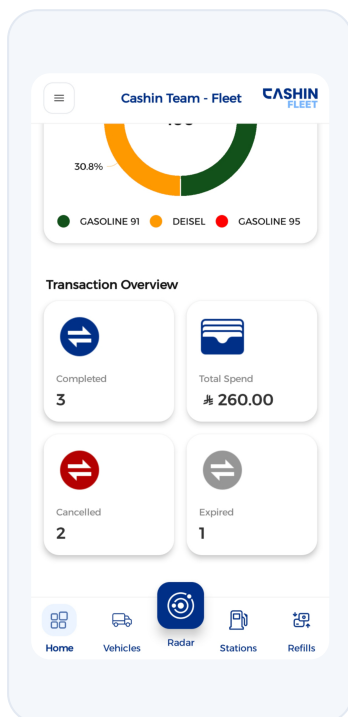

Refill history

Filter

Details

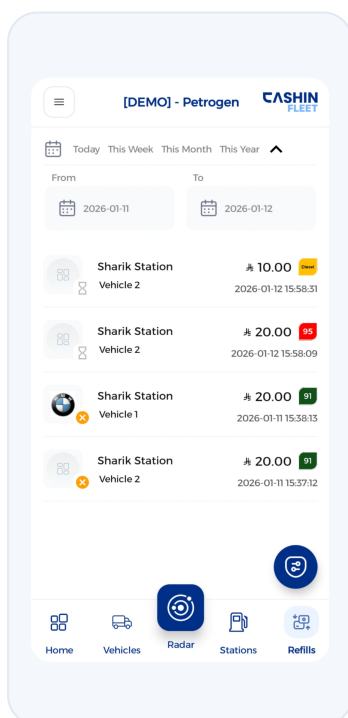

DRIVER نظرة عامة على العمليات

Transaction Overview

- Summarizes refills for the selected period: Completed, Total Spend, Cancelled, and Expired transactions.

GOOD TO KNOW

A quick snapshot of your fueling activity.

DRIVER سجل التعبئات

Refill History

- All refill transactions listed newest to oldest.
- Filter by time, location, vehicle, energy type, or status.

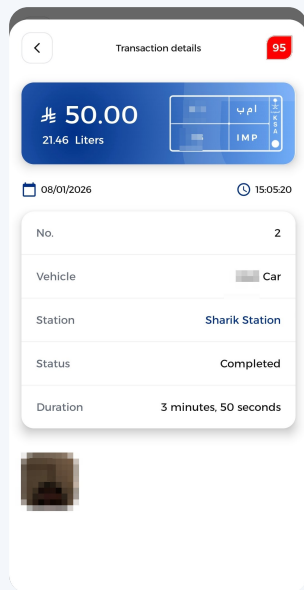

GOOD TO KNOW

Find any past refill with powerful filters.

DRIVER تفاصيل العملية

Transaction Details

- View date, liters, amount, plate, station, status, wallet, plus driver and odometer photos when Biometric policy is enabled.

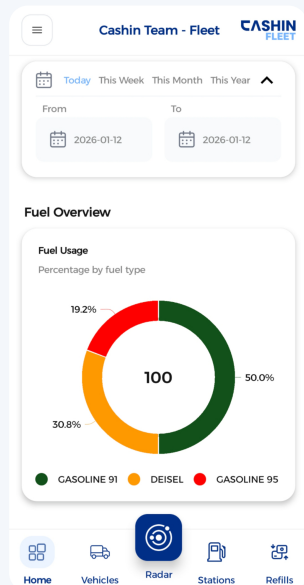

GOOD TO KNOW

Full transparency on every completed refill.

DRIVER استهلاك الوقود

Fuel Usage

- A donut chart shows fuel consumption by type.
- Tap a segment for transaction count, total spend, and volume.

GOOD TO KNOW

See where your fuel goes across any period.

The refill, as a checklist.

DRIVER**Every refuel**

- ✓ Pick the vehicle first — one vehicle at a time.
- ✓ Be at the station before you tap Fuel Filling.
- ✓ Choose the fuel type your vehicle takes.
- ✓ Enter an amount, liters or Full Tank — or apply a coupon.
- ✓ Show the QR, barcode or NFC within five minutes.
- ✓ Have your face verification ready when your company requires it.
- ✓ Check the refill in your history afterwards.

FLEET COMPANY**Handled by your fleet company**

- ✓ Adding you to an account after you register.
- ✓ Assigning company vehicles to you.
- ✓ Topping up wallets.
- ✓ Fuel policy and per-transaction limits.
- ✓ Changing your phone number, ID or name.
- ✓ Turning the biometric policy on or off.

✦ When in doubt, ask the platform

Everything in this manual is also live on **cashin.sa**: the AI guide shows the exact screen, narrates the steps, and answers follow-up questions in your language. Support: **920023389** · info@cashin.sa
